**Drain 11 Project and Lawsuit**

The District Court recently issued an Order regarding the defendants' motion for attorneys' fees and issued an Amended Judgment in the eminent domain lawsuit. The Court ruled from the bench at the hearing on June 24 and denied the recent motion that sought to require the Board to pay the defendants' attorneys' fees from the general fund as opposed to the Drain 11 fund. In the Court's written Order, the Court awarded the defendants \$118,908.62 in fees, payable to the Braaten Law Firm within 30 days. The Court's Amended Judgment included the updated attorneys' fees award.

At the Board's special meeting on February 28, 2024, the Board approved a motion as follows:

Manager Wyum moved to direct the Board's counsel to execute a Stipulation to Dismiss, with defense counsel, in the case entitled *Sargent County Water Resource District v. Gregory S. Beck, et al*, Civil File No. 41-2021-CV-00034, including the following terms:

1. Authorization for the Chair and Secretary-Treasurer to sign easements with the Beck and Bosse landowners, for the same consideration previously deposited with the District Court and withdrawn by those landowners for the right of way sought in the eminent domain action;
2. A refund to the Board of the \$52,917 previously deposited with the District Court as consideration regarding the right of way sought from the Mathews/Delahoyde landowners in the eminent domain action;
3. Payment of attorneys' fees as ordered by the District Court, not to exceed \$105K.
